Join us in person or on-line for the 2026 Rushton Lecture:

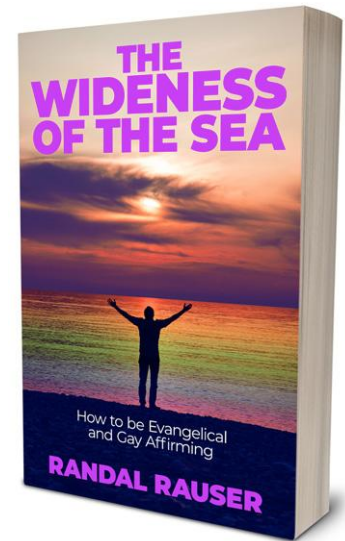

THE WIDENESS OF THE SEA

In a time of dissonance and division Canadian Baptists have an opportunity to continue to model a posture of theological thoughtfulness and generous inclusion and hospitality. In this year's Rushton Lecture, Dr. Rauser will share themes from his most recent book *The Wideness of the Sea* and remind us of our ongoing calling to practice our soul liberty as we seek to be a blessing in our churches, community and country.

Randal Rauser is a Canadian theologian and former seminary professor at Taylor Seminary in Edmonton. He is currently Director of Faith-Based Organization Investigations at Veritas Solutions. Randal is the author of numerous books exploring faith, doubt, atheism, and contemporary cultural issues, including his most recent, *The Wideness of the Sea: How to be Evangelical and Gay Affirming*.
